

We are a dedicated group of professionals who connect Canadians with accredited world class medical institutes. We provide single point of contact healthcare solutions to those who require immediate medical and therapeutic procedures.

“IHP provides timely customized access to responsive medical care, with support throughout the process”

Our partnership with Synergy Health Concepts, Inc (Pacific Interventionalists) has allowed IHP to raise the bar even higher on the outstanding level of service that we are committed to providing our Canadian clients. For those suffering with MS, we are pleased to be the only resource on Canadian soil that recognizes how important it is for each patient to receive comprehensive and complete care from the moment they make the decision to obtain treatment.

We are pleased to support Synergy Health Concepts by offering their Canadian patients support and assistance in:

- Travel arrangements
- Ground Transportation
- Accommodations
- Nurses Aides
- Post Care Management (nutrition, diagnostics, physiotherapy)
- Communication and support with the Canadian Healthcare System

Our passion for assisting Canadian patients is unwavering. We are thrilled to expand our family as we work with Synergy Health Concepts Inc.,(PI) to provide each MS patient the health care opportunities they deserve.

“Working with YOU and for YOU to secure a healthy tomorrow.”
